

BRIGHT IDEAS

I-BEAM Fluorescent High Bay Lighting from Lithonia

The I-BEAM™ System with Cool Running™ Technology is the first T5HO fluorescent high bay that is UL/C-UL Listed to operate in environments up to 65°C, and features a five-year ballast warranty up to 55°C and a three-year warranty up to 65°C.

I-BEAM provides the customer peace-of-mind by assuring full-rated ballast life, even in partially conditioned and non-conditioned spaces where ambient temperature can reach 130°F.

In addition, I-BEAM provides all of the standard benefits when compared to HID that you would expect from a Lithonia Fluorescent product.

- Up to 50% Energy Savings
- Improved Light Levels Including Uniformity and Lumen Maintenance
- Low Profile
- Instant-on/Restrike
- Improved Color
- Better Quality of Light
- Multiple Lamps—when one goes out the others stay on
- Reduced Sound
- Low Mercury

I-BEAM will redefine the way lighting is done for industrial, warehouse and distribution centers.

Lithonia Lighting Enhances Outdoor Offering With MS Series

The MS Series offers a choice of detection patterns and functionality ranging from basic motion sensing capabilities to some of the most technologically advanced options available in the market today.

This select series offers many quality features and premium performance including:

- Quality Construction—All die cast aluminum and polycarbonate construction
- High Level Surge Protection—4000 to 6000 volts depending on model
- LED detection indicators
- Tool-less aiming of sensor and lamp heads from 180° to 270°
- Easy adjustment controls to customize time, sensitivity and other sensor settings
- Center mount cross bar mounting plate for ease of installation
- White or dark bronze finish
- Color matched lens array

The MS Series are also available as stand alone items ready to install into existing applications. All in all, 12 new Motion Sensor SKUs are now in stock .

New from Lithonia Lighting Aeris Suspend

The design versatility of the popular Aeris Outdoor Architectural Family has now been expanded with the introduction of Aeris Suspend.

This versatile luminaire enables the aesthetics of clevis-supported structures to expand beyond the building to walkways and more. The Aeris Suspend offers an innovative choice in the Aeris Area & Roadway Luminaire providing a design alternative ideally suited for suspended canopies and dynamic architectural environments. Designed with the familiar graceful curves, advanced optics and premium construction exemplified by the Aeris Family, the Suspend offers designers flexibility to further blend design with lighting innovation.

KLI is known as the premiere lighting manufacturer's representative in Hawaii since 1976. In general, we promote our lighting manufacturers through Architects, Engineers and Designers and distribute through wholesale electrical houses.

KLI was originally incorporated in 1976 under the name KLOPFENSTEIN'S and operated out of a house in Hawaii Kai. In December of 1987 we moved our operations into our present location on Nuuanu Ave in Downtown Honolulu. In 1997 we reincorporated as KLOPFENSTEIN'S LIGHTING INC (KLI).

Our primary purpose is to provide the best product for your application with efficient service for all your needs.

- **Upcoming Manufacturer Visit:**
 1. **Gotham Lighting (Acuity) 31 Jan—01 Feb**
- **New Emergency egress options now available on LSI INDUSTRIE'S Challenger, Greenbriar and Hilton Wall Sconces—Emergency Egress options EM1 and EM2 are now available for our Challenger, Greenbriar and Hilton Wall Sconce units. The EM1 (one socket/lamp) and EM2 (two sockets/lamps) options utilize miniature 35-watt halogen reflector lamps. GY6.35 sockets, with 12-inch leads, are provided in a separate compartment incorporated into the wall sconce reflector. One or two separate 12-volt circuits are required to energize these sockets. Both options are offered with or without the lamps.**
- **Mahalo to all of you for making 2005 another great year for KLI. We hope that we were able to provide you with the knowledge and expertise necessary for your projects. It is our sincere wish to continue our relationship with you so that we can make 2006 even better. Merry Christmas and A Happy New Year.**
