

BRIGHT IDEAS

Spotlight: Eureka Lighting

Founded in 1987, Eureka's mission is to be a North American leader in decorative and architectural lighting manufacturing. Design, flexibility and diversity sets Eureka apart, as it offers a wide range of products designed to meet the needs of architects, designers and engineers.

Eureka has its head office in Montreal, offices in Toronto and Vancouver and conducts its business in all Canadian provinces and throughout the United States.

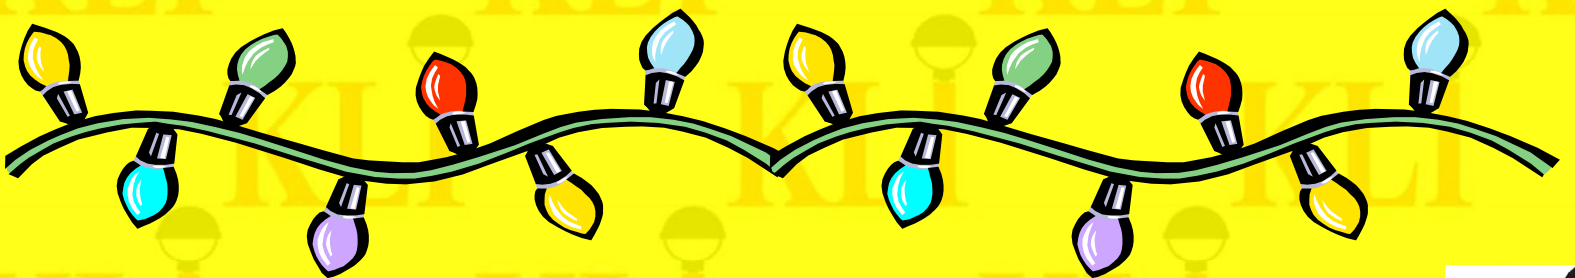

That's **Ecopower**.
Simple . . . effective . . . reliable.

Looking to Save Energy? Look to EcoPower

Electricity isn't cheap. Rising prices mean that companies are being asked to do more for less. But how do you cut costs without sacrificing useability? **Ecopower** solves this problem, giving you substantial savings while actually *enhancing* the functionality of your lighting system — not reducing it. Our experience and expertise can make the difference you've been searching for! How? Simply stated, **Ecopower** adds the flexibility of dimming to your *existing* HID lighting system. An easy-to-operate 'smart' lighting control is installed at the lighting panel to vary the voltage to existing or new HID lighting equipment. And all this without changing a single fixture or lamp.

KLI is known as the premiere lighting manufacturer's representative in Hawaii since 1976. In general, we promote our lighting manufacturers through Architects, Engineers and Designers and distribute through wholesale electrical houses.

KLI was originally incorporated in 1976 under the name KLOPFENSTEIN'S and operated out of a house in Hawaii Kai. In December of 1987 we moved our operations into our present location on Nuuanu Ave in Downtown Honolulu. In 1997 we reincorporated as KLOPFENSTEIN'S LIGHTING INC (KLI).

Our primary purpose is to provide the best product for your application with efficient service for all your needs.

Klopfenstein's Lighting Inc.
